One of the largest family Foundations in Russia, established in 2010 for obtaining long-term results of family charity, in which the Timchenko family is involved for more than 25 years.

The program «Family and Children» of the Timchenko Foundation supports the preservation of children in native families as well as qualitative counseling for foster parents and the public support for families in which foster children are brought up.

The program works on the three levels: the influence on social processes and the attitude of society, the support of expert infrastructure, the formation of sustainable models in the regions.

Working on the program content, we rely on the research findings, expert opinions and results of evaluation of program activities. Application of program and project evaluation improves their quality.

The Foundation's monitoring and evaluation mechanisms in childhood protection, including children’s participation, can be used both by non-profit public organizations as well as and state and municipal institutions.

Official website of the Foundation: www.timchenkofoundation.org

The Federal Resource Center for Organization of Comprehensive Support to Children with Autism Spectrum Disorders (FRC) has more than 20-year history of providing comprehensive assistance to children with RAS.

FRC is a subdivision of Moscow State University of Psychology & Education.

Our goal is the development of system of comprehensive care for children with autism spectrum disorders in Russian Federation.

The main activities of the Federal Resource Center:

Approbation of the basic models of education for children with ASD. Informational support for specialists and parents. Development of interregional and international relations. Realization of socially significant projects.

In 2015-2016 specialists of FRC MSUPE conducted expert-methodological support in the framework of the largest interregional pilot project for provision of integrated medical and social and psycho-pedagogical assistance to children with ASD, organized by the Fund of support for children in difficult life situations.

The Federal Resource Center of MSUPE publishes a special scientific and practical journal «Autism and Developmental Disorders», established in 2003. The main objective of the journal is dissemination of the best practices in the field of providing comprehensive assistance to children with ASD and their families. With the creation of FRC the journal «Autism and Developmental Disorders» becomes its official publication.

Official site of the FRC: http://autism-frc.ru
Charitable Foundation «Arithmetic of good» was established in March 2014 by a large entrepreneur and patron Roman Avdeev for a systematic solution to the problems of orphanhood in Russia.

Flagship programs of the Fund:

«Chance» – is the largest program in Russia for individual distance learning, which helps children who are bringing up in the organizations for orphans and children left without care of parents across Russia to prepare and successfully pass the state final exam and the SAT's.

Club «ABC of foster families» is intended for potential and held adoptive parents, guardians and foster parents, is directed to the development of support and maintenance of foster families. The Club provides for extensive educational and awareness-raising activities.

«Compass» – a program of social adaptation, personal development and the acquisition of social demanded competencies on the basis of the personal successful story of each adolescent from the organization for the orphans.

The Foundation participates in the development of the bachelor’s educational program «Family Education» and the professional standard for the caregiver of the organization for orphans and children left without care of parents.

Charitable Foundation «Arithmetic of Good» is included in the Register of non-profit organizations, service of the Ministry of Justice of Russia No. 577170026.

Charitable Foundation «Arithmetic of Good» is a member of the international organization of foster families IFCO.

Charitable Foundation for the Prevention of Social Orphanhood is specialized in development and implementation of models and services for prevention of social orphanhood and protection of rights and legal interests of minorities.

The Foundation implements programs aimed at assisting the executive authorities and regional non-profit organizations in effective work in the field of orphanhood prevention and families help.

How does the Foundation work?

After signing the agreements with authorities on the city and regional levels on the introduction of a particular model, The Foundation analyzes the situation, identifies problems of effective work in this direction, and in the framework of project-workshop-meeting develops the ways of solving them together with the region’s coordinators. After that the Foundation conducts educational seminars for employees from social and medical institutions, public organizations aimed at building new skills and competencies.

44 regions of the Russian Federation received the assistance in prevention of social orphanhood within the framework of the programs of the Foundation during the 5 years of its` practice.
